**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Patrick D. Floyd (Reg. No. 39,671) on 11/14/2008.

The application has been amended as follows:

In the Abstract:

In line 9 of the abstract, the phrase "means for determining" has been corrected to -- functionality for determining --.

In line 9 of the abstract, the phrase "means for selecting" has been corrected to -- selecting --.

In line 10 of the abstract, the phrase "means for routing" has been corrected to -- routing --.

In the Claims:

**Claim 1** is cancelled.

In line 1 of claim **4**, the phrase “The method defined in claim 1” has been corrected to  
-- The method defined in claim 22 --.

In line 1 of claim **5**, the phrase “The method defined in claim 1” has been corrected to  
-- The method defined in claim 22 --.

In line 1 of claim **6**, the phrase “The method defined in claim 1” has been corrected to  
-- The method defined in claim 22 --.

In line 1 of claim **7**, the phrase “The method defined in claim 1” has been corrected to  
-- The method defined in claim 22 --.

In line 6 of claim **8**, the phrase “a calling party multimedia enable mobile phone” has  
been corrected to -- a calling party multimedia enabled mobile phone --.

**Claim 16** is cancelled.

**Claim 17** is cancelled.

**Claim 18** is cancelled.

Claim 19 is cancelled.

Claim 20 is cancelled.

Claim 21 is cancelled.

In lines 6-7 of claim 22, the phrase “a calling party multimedia enable mobile phone” has been corrected to -- a calling party multimedia enabled mobile phone --.

In line 1 of claim 25, the phrase “The method defined in claim 22” has been corrected to -- The method defined in claim 24 --.

In line 1 of claim 26, the phrase “The method defined in claim 22” has been corrected to -- The method defined in claim 24 --.

2. The following is an examiner’s statement of reasons for allowance:

As indicated in detail in the previous Office Action, the prior art discloses the general concepts laid out in the limitations of the previous versions of the claims including the limitations of “determining the call protocol”; “determining the media type”; “determining the call type for the call protocol and the media type”; “selecting a call-type specific destination

identifier”; and “routing the call to the called party using the selected call-type-specific destination identifier”.

However, the prior art of record does not disclose or make obvious the combination of limitations as presented in the claims as amended above. For example, the prior art of record does not disclose or make obvious the limitations of claim 22 of “receiving Subscriber Universal Destination Identifier (SUDI) call requests at an Internet Protocol Multimedia Subsystem (IMS) Call Session Control Function (GSGF) network entity executing call setups and call sessions control from a calling party multimedia enabled mobile phone via a radio area network, each SUDI call request corresponding to a different call made to a called party single point of contact, at least some of the SUDI call requests including a session identifier and a SUDI defining a single point of contact for calls having different call types made to a called party and a media descriptor defining the type of media to be transferred by the call and an indicator of the originating host” and “determining if a protocol for the SUDI call request can support multiple call types, wherein if the SUDI call request protocol cannot support multiple call types then determining the call type from the SUDI call request protocol, and wherein if the SUDI call request protocol can support multiple call types then determining the call type from the media descriptor in the SUDI call request” in combination with all other limitations of claim 22. Therefore, claim 22 is allowable over the prior art of record.

Claim 8 is allowable for similar reasons.

Claims 4-7, 11-14, 16-21 and 23-29 are allowable as they depend from one of the two independent claims listed above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ROBERT C. SCHEIBEL whose telephone number is 571-272-3169. The examiner can normally be reached on Mon-Fri from 8:30 AM - 5:00 PM.
